

National Enforcement Bodies under

Regulation (EU) No 1177/2010 concerning the rights of passengers when travelling by sea and inland waterway

https://transport.ec.europa.eu/transport-themes/passenger-rights/maritime_en

All carriers/terminal operators shall have a complaint-handling mechanism in place for passengers travelling by sea and inland waterways.

Passengers may also submit complaints to one of the **National Enforcement Bodies (NEBs)** listed below.

Please note that in some countries (as indicated in the last column of the table), complaints shall **first be submitted to the carrier/terminal operator**. Passengers may only address their complaint to the NEB when the issue was not resolved at the level of the carrier/terminal operator (e.g. in the absence of reply within two months, if their complaint was dismissed, etc.).

Please also note that some National enforcement bodies may not be able to enforce your claims and offer you redress. If you are not satisfied with the carrier/terminal operator's response and/or with the answer from the National Enforcement Body, you will have to pursue the matter through alternative dispute resolution or in Court.

The competent NEB is the NEB of the EU **country of departure** except when the service departs from a third country. Then, the NEB of the EU country of arrival is competent. However, passengers are free to contact the NEB of their choice.

The table below is based on the information received from the EU Member States.
