CALL FOR PROPOSAL for Issues Log Book Activity II
Reference number: MOVE/C4/2020-62

**Concerning the support to improve rail interoperability with a view to
achieving rail breakthroughs supporting TEN-T infrastructure policy:
Technical Operational Issues Log Book**

CORRIGENDUM No.1

The deadline for submission of proposals is extended to **2 December 2019**

- a. **Modification to chapter 6.1:** the chapter 6.1 shall read as follows (modifications are underlined with double mark)

6.1 Specific eligibility requirements

Proposals may be submitted by any of the following applicants:

- *Ministries;*
- *National safety authorities;*
- *Infrastructure managers;*
- *Railway Undertakings;*
- *Rail freight corridor as defined in Regulation (EU) No 913/2010;*
- *Associations of the above.*

In order to be eligible and following the financial decision the group submitting the proposal must be composed of at least four legal entities and must at least consist of three out of four the following stakeholder groups:

- *1 Railway Undertaking (as defined in point (1) of Article 3 of Directive 2012/34/EU, and any other public or private undertaking, the activity of which is to provide transport of goods and/or passengers by rail on the basis that the undertaking is to ensure traction; this also includes undertakings which provide traction only);*
- *1 Ministry or 1 National safety Authority;*
- *1 Infrastructure manager (as defined in point (2) of Article 3 of Directive 2012/34/EU).*

Reasons: Following a clerical error, chapter 6.1 is amended to explicitly list Railway Undertaking as entity that may submit proposals. The text is further amended to have it clearer that the proposal must be submitted by a group of applicants, and not necessarily by a consortium having a legal entity.

- b. **Modification to chapter 3:** the deadline for submission of proposals is extended to 02 December 2019.
