Whereas:

- (1) The Commission adopted Decision C (2014) 1919 of 26 March 2014 establishing an Annual Work Programme 2014 for financial assistance in the field of Connecting Europe Facility (CEF) - Transport sector.
- (2) The Commission adopted Decision (2014) 2069 of 31 March 2014 establishing the 2014 Work Programme for financial assistance in the field of Connecting Europe Facility (CEF) - Telecommunications sector for the period 2014-2020.
- (3) The Commission adopted Decision C (2014) 2080 of 31 March 2014 establishing an Multiannual Work Programme 2014 for financial assistance in the field of Connecting Europe Facility (CEF) - Energy sector for the period 2014-2020.
- (4) In the Europe 2020 Strategy, the Commission pledged to mobilise Union financial instruments as part of a consistent funding strategy that pulls together Union and national public and private funding for infrastructures. This is based on the rationale that in many cases sub-optimal investment situations and market imperfections may be more efficiently tackled by financial instruments than by grants.
- (5) The Connecting Europe Facility Regulation provides for financial instruments to promote substantial participation in infrastructure investment by private-sector investors and financial institutions.
- (6) The design of those instruments should draw upon the experience gained in the implementation of financial instruments in the Multiannual Financial Framework 2007-2013, such as the Loan Guarantee instrument for TEN-T projects (LGTT), the Risk-Sharing Finance Facility (RSFF), the 2020 European Fund for Energy, Climate Change and Infrastructure (the 'Marguerite Fund') and the Europe 2020 Project Bond Initiative.
- (7) The Connecting Europe Facility Regulation lays down the rules for the funding of a debt instrument from the Union budget and provides the legal basis for its implementation.
- (8) In accordance with the Financial Regulation, an ex-ante assessment of the future Debt instrument under the Connecting Europe Facility was conducted and presented to the CEF Coordination Committee on 7 July 2014.
- (9) Decision C (2014) 1919, C (2014) 2069 and C(2014) 2080 need to be amended in order to allow the implementation of the CEF debt instrument from 2014 onwards.
- (10) In order to implement the CEF debt instrument in accordance with the conditions defined in article 14 and 15, as well as in Annex I Part III of the CEF Regulation, an amount of up to EUR 127,250,450 will be made available in 2014 to the European

Investment Bank (hereinafter ‘the EIB’) with the contribution of the 3 sectors covered by the CEF and respecting the principle of budgetary specification, as the annual contribution from the Commission to the CEF Debt instrument, implemented by indirect management in accordance with Article 58(1)(c) of the Financial Regulation and as laid down in a cooperation agreement between the EIB and the Commission. This contribution is without prejudice to the possibility for the Commission to implement the CEF debt instrument through indirect management with other entrusted entities.

- (11) At the time of the adoption of Decision C (2014) 2069 it was concluded that a technical assistance platform for broadband would be established in 2014. However, in order to optimise the implementation modalities, the establishment of such platform should be postponed until the following year. Therefore, the annex to Decision C (2014) 2069 should be amended accordingly.
- (12) By way of Decision of the EEA Joint Committee No 157/2014 of 9 July 2014 amending Protocol 31 to the EEA Agreement, on cooperation in specific fields outside the four freedoms, the cooperation of the Contracting Parties to the EEA Agreement has been extended to include Regulation (EU) No 1316/2013. By way of the same Decision, it has been provided that the EFTA States shall only participate in the telecommunications sector of the Connecting Europe Facility. It is therefore appropriate to amend Decision C (2014) 2069 to enable EFTA States to participate in projects of common interest foreseen in that Decision.
- (13) The measures provided for in this Decision are in accordance with the opinion of the Committee set out by Article 25 of Regulation (EU) No 1316/2013
