

Subject: Contribution to the Green Paper Consultation 2009

Dear Madam/Sir,

Hereby I would like to inform you the West Transdanubian Regional Development Council discussed the Green Paper on its meeting on 17th April 2009.

The Council asks to emphasize the importance of building a European North-South Transport Corridor and also to include the Hungarian (West Transdanubian, **NUTS: HU22) M86-M9 intersection** of the Central European Transport Corridor in the Green Paper.

Additionally, the Council recommends harmonizing and standardizing both the Green Paper and the White Paper, including harmonizing them with the results of the review of the Hungarian regions' development plans.

Yours sincerely,
József BALOGH, Mr
Chairman of the West Transdanubian Regional Development Council

Kocsondi Tamás
