Subject: RE: Economic Regulation Study - RPI - Draft final report

Dear Sirs,

Thank you very much for the study. As far as Hungarocontrol is concerned two remarks are submitted as follows:

1. It would be useful to formulate typical frameworks of contracts to be concluded between providers and users including obligatory stipulations and list of safety issues.
2. 2. For sake of better transparency we propose to include in an additional chapter 9 the preferred and recommended actions mentioned in the study.

Best regards

Karoly Nemes
