The Corporate Partnership Board is the International Transport Forum's platform for engaging with the private sector and enriching global transport policy discussion with a business perspective. With over 2.25 million employees worldwide, the group of companies from the transport sector and beyond belonging to the ITF's Corporate Partnership Board play an important role in transport. The Corporate Partnership Board (CPB) launched its Workstream on Gender on International Women's Day, 2019. As part of the commitment of CPB companies to promote gender parity, the workstream provides a platform to discuss and share best practice on different aspects of women in transport. It also builds a network of companies in the transport and related sectors committed to contributing to policy discussions and goals of ensuring gender equity, and seeking to make the transportation sector more attractive to women.

Exchange of best practice amongst companies is key to understanding and overcoming the challenges of gender parity in the transport sector.

In 2019, the group held a workshop on 'Hiring and Retaining' women in transport, the outcomes of this discussion can be found here: <https://www.itf-oecd.org/sites/default/files/docs/cpb-gender-workstream.pdf>

A booklet of member company initiatives on gender can also be found here <https://www.itf-oecd.org/sites/default/files/docs/cpb-company-initiatives-gender-workstream.pdf>

A video highlighting careers in transport for women, with the input of staff from the Corporate Partnership Board member companies can be found here: <https://youtu.be/5JiOyfZftFY>

The Gender Workstream's initiatives are ongoing. Companies that are interested in joining the ITF's Corporate Partnership Board and its Gender Workstream should contact Sharon Masterson, Manager Corporate Partnership Board, International Transport Forum at [sharon.masterson@itf-oecd.org](mailto:sharon.masterson@itf-oecd.org)
