[Please indicate the Member States in which you are a Competition Authority]

1. Please provide the list and a short summary of your decisions, if any, concerning directly or indirectly public service contracts in inland transport (e.g. cross-subsidisation from services rendered under public service obligations and other services if your authority acts as the competent body pursuant to Art 10(3b) of Directive 2007/58, bid-rigging as to tendering procedures for public service contracts, etc.). If not already specified in the decisions, please indicate whether and to what extent the condemned behaviour could have been avoided or remedied.

2. Please provide the list of cases concerning directly or indirectly awarded public service contracts or obligations in inland public transport for which you have opened an investigation (e.g. cross-subsidisation from services rendered under public service obligations and other services, bid-rigging as to tendering procedures for public service contracts, etc.).
