

In order to fill-in the table, it is important to refer to the implementation principles and guidelines referred to in paragraphs 7.1 and 7.2 of Commission Regulation (EU) on TSI OPE 2015/995 of 8 June 2015.

For Member States, it is important to note that most of the elements required in Questions 1 and 2 should be contained in the SMS of the Railway Undertakings and Infrastructure Managers.

Finally, the lines highlighted in yellow are the new requirements set out in the TSI OPE 2015/995 for which the national implementation plans shall be notified to the Commission by 1 July 2017 at the latest. All other requirements relate to Commission Decision 2012/757/EU on TSI OPE for which the national implementation plans should have been notified to the Commission by 31 December 2014.

TSI OPE Requirement		Question 1	Question 2	Question 3	Question 4	Question 5
		When has this requirement been implemented or when do you plan to be compliant with this requirement?	How is this requirement implemented in your MS?	a) Do you have any specific National Rule (NR) that relate to this? What is the reference/title of the NR? b) Can this NR be withdrawn? If not, please explain why not?	Does this requirement mean that you need a specific case or that a specific common operational principle/rule should be developed in Appendix B or that a deficiency in the TSI should be raised?	Who is the actor responsible for this process?
