Bus info ÖKO  
PROJEKT - augus...

Dear Mr. Mariusz Daga

If I'm coming like passenger in the bus, I would like being really happy to see nearly the door a little information table:

1. How old is the bus
2. Mileage
3. Last ordinary inspection
4. Person, who is personally liabilities about safety and bus maintenance

Our small organization Öko Projekt MTÜ, reg.80131064. (EcoProject NGO) have made for observing overviews about businformatoin in the world from every past month for app. 80. small (or not so small) bus companies in Estonia.

I send also one of exhibition about the august information. If You are interested to get it in English every month, please notice it.

If I can help, You just ask it.  
With best regards

Yllar Lainela
