1. BACKGROUND

The Commission's Directorate-General for Mobility and Transport ('DG MOVE') has set up a Commission expert group on the Digital Inland Waterway Area (DINA), hereinafter 'the group'.

The group's overall mission and tasks shall be:

- to support the Commission in the development of the DINA policy initiative. The DINA initiative fits under the Commission strategy for Digital Single Market and aims to promote the digitalisation of inland waterway transport, including its interconnection with other transport modes, thereby contributing to its improved competitiveness in the multimodal supply chain;
- to assist the Commission with the implementation and follow-up of the above initiative;
- to facilitate exchange of information on initiatives, projects and partnerships relevant to the above initiative;
- to deliver opinions, submit reports or develop and propose innovative solutions to the Commission on any matter of relevance to the development of the above initiative;
- to provide advice, technical expertise and input to the Commission for the preparation of legislative and non legislative proposals related to the digitalisation of Inland Waterway Transport;
- to provide advice, technical expertise and input to the Commission for the preparation of legislative and non legislative proposals related to the RIS Directive¹ (including Implementing, or Delegated Acts or any evaluation or revision of the Directive). RIS is one of the key elements of the future DINA initiative²;

¹ RIS Directive: Directive 2005/44/EC of the European Parliament and of the Council of 7 September 2005 on harmonised river information services (RIS) on inland waterways in the Community

² While the Digital Inland Waterway Area aims at interconnecting and unlocking the potential of information systems on infrastructure, people, vessels, management and cargo components of inland waterway transport, the RIS represent only one element related to fairway information to skippers/barge operators (provision of services for traffic management and calamity abatement such as electronic charts or notices to skippers).

- to assist the Commission with the development, implementation and operational improvement of systems established for international data exchange³ with respect to the digitalisation of inland waterway transport.

The Commission is calling for applications with a view to selecting members of the group other than Member States' authorities and other public entities.

2. FEATURES OF THE GROUP

2.1. Composition

The group shall consist of up to 70 members. Members shall be:

- Member States' authorities;
- organisations that represent the inland navigation professions and industries which exercise activities that are directly associated with digital solutions in inland navigation;
- other public entities: international organisations, such as the Rhine Commission (CCNR) and the Danube.

Annex IV provides the detailed types and indicative number of organisations that DG MOVE intends to select, other than Member States' authorities and other public entities.

Member States' authorities, organisations and other public entities shall indicate their representatives and shall be responsible for ensuring that their representatives provide a high level of expertise. DG MOVE may refuse a representative indicated by an organisation if it considers this inappropriate in light of the requirements specified in chapter 4 of this call. In such case, the organisation concerned shall be asked to indicate another representative.

2.2. Appointment

Members shall be appointed by the Director General of DG MOVE from applicants complying with the requirements referred to in chapter 4 of this call.

Members shall remain in office until replaced.

Registration in the Transparency Register is required in order for organisations to be appointed.

³ Such as the European Reference Data Management System (ERDMS), which is operated by the Commission in order to facilitate the international data exchange specified as minimum data requirements (Annex I of the RIS Directive)

to participate in any meetings of the group and may be replaced for the remainder of their term of office.

2.3 Rules of engagement and operation of the group

The group shall be chaired by a representative of DG MOVE.

The group shall act at the request of DG MOVE, in compliance with the Commission's horizontal rules on expert groups ('the horizontal rules')⁴.

In principle, the group shall meet at least once a year on Commission premises in order to discuss any relevant issue related to the above-mentioned group's overall mission. DG MOVE shall provide secretarial services.

Members' representatives should be prepared to attend meetings systematically, to contribute actively to discussions in the group, to be involved in preparatory work ahead of meetings, to examine and provide comments on documents under discussion, and to act, as appropriate, as 'rapporteurs' on ad hoc basis.

As a general rule, working documents will be drafted in English and meetings will be also conducted in English.

The group shall adopt its opinions, recommendations or reports by consensus. In the event of a vote, the outcome of the vote shall be decided by simple majority of the members. The members that voted against or abstained shall have the right to have a document summarising the reasons for their position annexed to the opinions, recommendations or reports.

In agreement with DG MOVE, the group may, by simple majority of its members, decide that deliberations shall be public.

Participants in the activities of the group and sub-groups shall not be remunerated for the services they offer. Travel and subsistence expenses incurred by participants in the activities of the group and sub-groups may be reimbursed by the Commission. DG MOVE shall indicate the possibility to be reimbursed in the invitation letters and, in such cases, the reimbursement shall be made in accordance with the provisions in force within the Commission and within the limits of the available appropriations allocated to the Commission departments under the annual procedure for the allocation of resources.

The members of the group and their representatives, as well as possible invited experts and observers, are subject to the obligation of professional secrecy, which by virtue of the Treaties and the rules implementing them applies to all members of the institutions and their staff, as well as to the Commission's rules on security regarding the protection of Union classified

DG MOVE may invite experts with specific expertise with respect to a subject matter on the agenda to take part in the work of the group or sub-groups on an ad hoc basis.

Individuals, organisations and public entities may be granted an observer status, in compliance with the horizontal rules, by direct invitation. Organisations and public entities appointed as observers shall nominate their representatives. Observers and their representatives may be permitted by the chairperson to take part in the discussions of the group and provide expertise. However, they shall not have voting rights and shall not participate in the formulation of recommendations or advice of the group.

DG MOVE may set up sub-groups for the purpose of examining specific questions on the basis of terms of reference defined by DG MOVE. 1. Introduction

This privacy statement explains the reason for the processing, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you may exercise in relation to your data (the right to access, rectify, block etc.).

The European institutions are committed to protecting and respecting your privacy. As this service/application collects and further processes personal data, Regulation (EC) N°45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data, is applicable.

This statement concerns the Register of Commission Expert Groups and Other Similar Entities ('Register of expert groups') undertaken by the European Commission, Secretariat-General, Head of Unit B.2 (Institutional Affairs). The Register is a database containing a list of Commission expert groups and other similar entities and their sub-groups. For each expert group, the Register provides valuable information including on the Commission department which is running the group, as well as on the group members, mission and tasks. The Register also includes relevant documents which are produced and discussed by expert groups.

Personal data submitted to Commission departments as part of rejected applications are not published on the Register of expert groups. The competent Commission departments keep these data for six months and do not process them for other purposes.

2. Why do we process your data?

Purpose of the processing operation: The European Commission, Secretariat-General, Head of Unit B.2 (Institutional Affairs) ('the Data Controller') collects and uses your personal information to ensure transparency on expert groups' membership and activities.

The processing and publication on the Register of expert's personal data is necessary for the performance of a task carried out in the public interest, since it increases the transparency on Commission expert groups (article 5 (a) of Regulation (EC) N° 45/2001).

As regards, in particular, the declarations of interests filled in by experts appointed in a personal capacity, the processing of personal data of these experts serves the public interest of enabling the Commission to verify the experts' independence in providing advice to the Commission.

Furthermore, the public disclosure of declarations of interests allows for public scrutiny of the interests declared by experts appointed in a personal capacity, which is necessary in order to ensure public confidence in the independence of these experts. The public disclosure of declarations of interests also ensures a high degree of transparency with respect to the membership of expert groups and aims at contributing to fostering the integrity of the experts in question.

Art 27 of Regulation (EC) N° 45/2001 is not applicable.

3. Which data do we collect and process?

The personal data collected and further processed may be:

- Name;
- Professional title;
- Professional profile;
- Nationality;
- Gender;
- Interest represented (only for individuals applying to be appointed as members of expert groups or sub-groups representing a common interest and for the designated representatives of organisations applying to be appointed members of expert groups or sub-groups);
- Information included in the declarations of interest (only for individuals applying to be appointed as members of expert groups or sub-groups in a personal capacity).

4. How long do we keep your data?

The Data Controller only keeps the data for the time necessary to fulfil the purpose of collection or further processing.

When an individual is no longer participating in a group listed in the Register of expert groups, all personal information related to this individual is removed from the Register. The competent Commission departments keep personal information for 5 years after the date where relevant individuals cease to participate in the work of the group.

Declarations of interests of individuals appointed as members or alternate members in a personal capacity of expert groups or sub-groups are published on the Register as long as they are members.

When a group is closed down, it remains published in the Register of expert groups for five years, with the indication 'Closed'. During such time, personal information other than the above-mentioned declarations of interests is visible on the Register.

An XML file is created daily with all the information regarding active groups. All versions of this file, showing the situation of the Register as of the day it was created, are stored in a file server for 5 years.

5. How do we protect your data?

All data in electronic format (e-mails, documents, uploaded batches of data etc.) are stored either on the servers of the European Commission or of its contractors, the operations of which abide by the European Commission's security decision of 16 August 2006 [C(2006) 3602] concerning the security of information systems used by the European Commission.

The Commission's contractors are bound by a specific contractual clause for any processing operations of your data on behalf of the Commission, and by the confidentiality obligations deriving from the transposition of Directive 95/46/CE.

6. Who has access to your data and to whom is it disclosed?

Information collected is publicly available on the Register of expert groups.

The XML files referred to in point 4 are not available neither via the internal application of the Register or the public version of the Register, and are only accessible to a reduced number of users in the System Owner and System Supplier's teams.

7. What are your rights and how can you exercise them?

According to Regulation (EC) n°45/2001, you are entitled to access your personal data and rectify and/or block it in case the data is inaccurate or incomplete.

If you do not wish to have your name published on the Register of expert groups, you may submit a request to the relevant Commission department for a derogation from publication. A derogation shall be granted where justified on compelling legitimate grounds in relation to your specific situation, in particular where disclosure of the experts' name could endanger your security or integrity.

You can exercise your rights by contacting the secretariat of the competent Commission department or in case of conflict the Data Protection Officer and if necessary the European Data Protection Supervisor using the contact information given at point 8 below.
