Subject: Observations on UK-IRELAND FAB information submitted under Article 6 of Commission Regulation (EU) No 176/2011

Dear Sirs,

Dear Jonathan, Dear John

I am writing to you with regard to the letter from Ministers Villiers and Veradkar dated 30 March 2012 submitting UK-IRELAND FAB information to the Commission under Article 6 of Commission Regulation (EU) No 176/2011.

In line with Article 4 of this Regulation, your FAB information was made available to EASA, other Member States and interested parties, with your material posted on the EC's DG MOVE website. Thanks to UK-IRELAND FAB partners, a meeting was organised on 24 May 2012 which proved very successful with a view to communicating formal observations to the Commission by 30 May 2012.

This step has just come to an end and all observations received by the Commission have been assembled in a consolidated comment response document provided in attachment.

The diversity and extensiveness of these observations reflect very well the extremely high quality level reached in your submission. You will also find attached a summary of key elements to address following observations made.

I trust you will be able to use the due consideration period now available to you to the best advantage of the UK-IRELAND FAB, in line with article 4(3) of Regulation No (EU)176/2011. The Commission remains available to help you as needed during this period.

Yours faithfully,

Best regards

Matthew Baldwin
